

# SPITFIRE SERIES

Dash Mount Lights

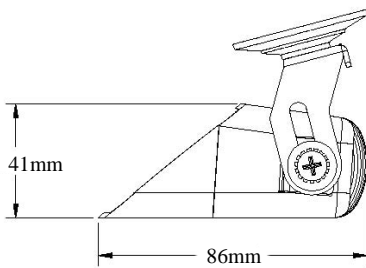

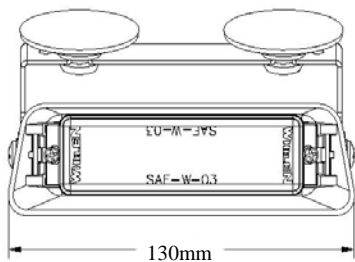

SF1A

SF1J

A very compact, full-featured Super-LED Dash and Deck light. SpitFire is the high performance, cost-effective alternative to the larger Whelen Avenger™ Series.

## FEATURES:

- Clear non-fluted lens and black moulded polycarbonate integrated hood and housing with bale bracket and two suction cups for mounting.
- Wide angle visibility and high intensity rivals strobe in performance while using only 30% of the amp draw.
- SmartLED® design requires no external flasher.
- Forty-five Scan-Lock™ flash patterns. Allows for Alternating (2x2 diodes) and Simultaneous patterns (for split models) and Steady-Burn.
- Split colours available.
- Fully encapsulated electronics provide full moisture and vibration protection.
- 2.4m straight cord and cigar plug with On/Off Switch and patterns control switch.
- 5 year warranty on Super-LEDs.

## MODELS:

- SF1\* Single colour
- SF1# Split colour

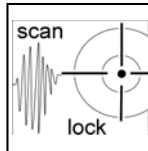

\*Replace asterisk in model number with desired colour.

A=Amber, B=Blue, C=White, G= Green, R=Red

# Replace symbol with split colour desired.

E=Blue/White, J=Red/Blue, K=Red/Amber
