

VERTEX SERIES

Covert Light Heads

VTXFB

Surface Mount Flange

VTXFC

Head (mm): 38 Dia x 23H

Only 23mm in height, this small hemispheric LED Light head is perfect for most applications where size and intensity are critically important. Self-contained unit using an in-line combination lamp driver/flasher.

This new self-contained LED Hideaway requires only a 25mm hole in any composite style head light, cornering light or tail light assembly to deliver true wide angle warning to the front, side and rear of your vehicle without interference to your vehicle computer and warning equipment! Less than 25mm tall, it may also be surface mounted to outside surfaces

Ballast (mm): 121 L x 25 W x 13H

FEATURES:

- Ultra small, self-contained, hemispheric LED light, for surface mount or internal mount within composite head lamps, cornering lamps and tail light assemblies.
- 25 Scan-Lock™ flash patterns, includes synchronize feature for alternating and synchronous flashing of multiple lamps.
- New lens technology enhances light distribution for optimum dispersion and intensity of the warning signal at critical angles.
- Includes pre-wired and sealed 2.5m neoprene cable to the Light head and lamp driver, with power, pattern and synchronize pigtail wires.
- Composite base with advanced thermal heat management system is designed for endless years of trouble free service.
- Lamp and in-line lamp driver are fully encapsulated for moisture and vibration resistance.
- Omni-directional light head mounts in any orientation, vertically or horizontally.
- Available in red, amber, white and blue. LED colour must match colour of the lens it is installed behind, except for clear lens.

- Virtually No RFI/EMI noise
- Two screws hold the lamp securely in place.
- 25mm hole makes this LED module backwards compatible to HA238 and standard 25mm Hide-A-Way style lamps.
- Simple installation with no separate lamp drivers, flashers, ballast or power supplies to install.

MODEL:

VTX609*: Single lamp with 2.5m cable.

Replace * in model number with colour desired: A = Amber, B = Blue, R = Red, C = Clear/White
